Education

FPT Polytechnic College

2023 – 2025

- Major: Game Programming
- GPA: 3.5 / 4.0
- Graduated with Excellent Honors

Skills

- **Unity & C#:** 2D/3D, Animator, UI, VFX
- **Gameplay:** vehicle & ragdoll physics, AI state machines
- **Architecture:** event-driven design
- **Design patterns:** Singleton, State Machine, Observer
- **Quality:** QA checklists, debugging
- **Tools:** Unity Editor tools, level generators
- **Platforms:** WebGL, Android, PC
- **Integration:** SDKs, leaderboards
- **Workflow:** Git, Trello, ClickUp, Figma

Languages

- **English:** reading technical documentation

Work Experience

Unity Developer · GM Soft · 12/2024 – Present

Studio developing HTML5/WebGL games for the US market

- Shipped **25+ WebGL games** on the azgames.io portal, several reaching its Trending list.
- **Undead Corridor** reached **18,500+ players** (73% from the US) across 160+ referring websites.
- Programmed gameplay, controls and UI; integrated portal SDKs and leaderboards.
- Tested builds across browsers and Chromebooks with QA checklists and fixed bugs before release.

Selected Projects

Arrow Puzzle

Mobile puzzle · personal project

Gameplay: tap arrows to slide them off the board; a blocked tap costs a heart.

- Level generator that guarantees solvable boards; solver rates difficulty and powers hints.
- Rules in a pure C# core with events; ads and saves behind swappable interfaces.
- **Gameplay video:** ArrowPuzzle_Gameplay

Pixel Unpuzzle

Mobile puzzle · personal project

Gameplay: free jigsaw pieces into color trays before the 5-slot row fills.

- DFS solver, solvable-only generator and 0–100 difficulty score to plan a 100-level curve.
- Custom Unity Editor level editor (paint, undo/redo, one-click solve); logic covered by NUnit tests.
- **Gameplay video:** PixelUnpuzzle_Gameplay

DrawBox Puzzle

Mobile logic puzzle · personal project

Gameplay: draw rectangles that match each number to reveal a pixel picture.

- Tool that turns any pixel image into a puzzle with exactly one solution, checked by a backtracking solver.
- **Gameplay video:** DrawBoxPuzzle_Gameplay
